

eGrabber Studio

Powerful image acquisition

At a Glance

- eGrabber evaluation and demonstration application
- Compatible with GigE Vision cameras (with the optional Gigelink library) and CoaXPress cameras (with the Coaxlink cards)
- Compatible with Windows, Linux, and macOS

Benefits

Description

eGrabber Studio is the new evaluation and demonstration application of eGrabber. It allows to test image acquisition with Coaxlink frame grabbers and GigE Vision cameras, check and configure the parameters (GenApi features) of the cameras and frame grabbers and save the acquired images into a file after acquisition. A new live histogram display is also available. Designed with a brand-new modern look, eGrabber Studio is compatible with Windows, Linux and macOS.

New live histogram display

Access the camera's and frame grabber's GenICam parameters

Compatible with Windows, Linux and macOS
