

New Product

Half-pipe Light IQDH-RE series

1 Approx. 3.6x brighter than conventional products

2 Imaging Example

● Object: Tablet

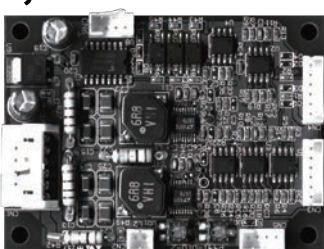

•Line Light

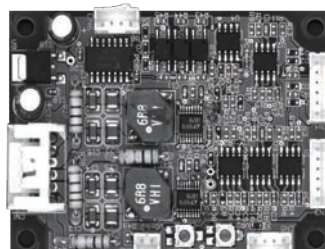

•Half-pipe Light

Uniform illumination from a close distance reduces surface reflections on the package

● Object: Electric circuit board

•Line Light

•Half-pipe Light

Images without shadow can be captured by the diffused light reflected on the inner surface even on objects with uneven surfaces.
